Boarding Pet Do's and Don'ts

Do's

PLEASE MAKE RESERVATIONS EARLY

Especially around the holidays

HAVE YOUR PET(S) VACCINATED

Proof of vaccinations is required.

FEED YOUR PET(S) PRIOR TO BOARDING

It helps them adjust on their first day.

BRING YOUR PET'S MEDICATION

Heartworm preventative &/or other medicine will be given by our staff during your pet's stay with us.

THINGS TO LOOK FOR

Some of the things that can happen when boarding are:

- 1) Weight loss because of the failure to eat properly.
- 2) Loose stool
- 3) Vomiting
- 4) Laryngitis- due to barking or meowing while boarding.
- 5) Sleeping a lot after discharge. Most pets become highly excited soon after returning home from boarding.

Don'ts

DON'T LEAVE YOUR LEASHES OR COLLARS

They can be easily mixed up or lost.

DON'T BOARD A SICK ANIMAL WITHOUT CONSULTING WITH US

Tell us if he's sick, we'll try to correct the problem.

DO NOT ALLOW YOUR PET(S) TO OVER EAT OR DRINK

This often causes problems when they first return home.

PLEASE NOTE

- 1) All pets must be free of external and internal parasites before boarding. If treatment is required the fee will be added to the boarding charges.
- 2) If your pet becomes ill during his stay with us we need your authorization to be able to treat him/her. We also need an emergency phone # where you can be reached.
